Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

HarperCollins Publishers, United Kingdom, 2002. Paperback. Book Condition: New. 174 x 114 mm. Language: English . Brand New Book. The second in a new series of high-tech, military-adventure thrillers centred on Dreamland, a top-secret weapons research centre, from the acclaimed author of FLIGHT OF THE OLD DOG and WARRIOR CLASS. Hidden in the Nevada desert is Dreamland - an advanced aerospace-weapons testing facility where the best of the best develop artillery and aircraft that push beyond the cutting edge. Dreamland s latest project is Flighthawk - an unmanned aerial-attack aircraft. To help pilots master the complex remote-flying skills required to control it, a high-risk system is being trialled, in which a microchip is implanted in the pilot s skull. Initially, all goes well for the first volunteer, Army Captain Kevin Madrone. But the psychological stress proves too much - and suddenly Madrone disappears, armed with one of the most powerful weapons in the world.
