Brand New Book ***** Print on Demand *****.Larry has written the quintessential book on how to build personal wealth. He takes you step by step on how to get started, how to compute your net worth, how to first attain financial security, how to reach financial independence, how to track your spending, examples to help you determine how long it will take you to reach your goals, what education choices result in better paying jobs, and more. In addition, he lays out a set of rules to follow that will help you stay the course of saving and investing during your working years. In the book, Larry covers the many mistakes you can make with investments, and how these mistakes have led him to an investment program that is easy to understand and implement. One that works over the long term without spending night and day following the markets. Building personal wealth is not easy. It takes an understanding of how money accumulates over time, a plan of how to spend less and save more, the setting of a target amount you need to save, and a time goal of when you can expect to reach your target. This book is easy to read and easy to understand. It is written so that the reader can establish their own personal wealth goals as they go along, and then start the necessary tracking and measuring to reach those goals. Get started now building your own personal wealth.
