

The Raw Meat Cat Food Cookbook: What Your Cat Wants to Eat Whether They Know It or Not (Paperback)

By Holly Ollivander, Huw Thomas

Velluminous Press, United Kingdom, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Most modern cats are addicted to a substance that can eventually destroy every major organ of the feline body: grain-dominant cat food. This addiction can adversely affect blood sugar, urine pH, adrenal stability, digestive function, and tooth, gum and joint health, and can be a major contributor to spiraling vet bills. For six-plus decades, commercial grain-based cat food has been pushed upon the public for one main reason: corporate profit. Regrettably, it isn't just cats who are addicted; advertising has brainwashed humans into believing that feeding our obligate carnivore companions a meat-flavored, grain-based diet is the best way to show how much we care. The authors of this brief, straight-to-the-point cookbook wanted to break free and spend as many years as they could with their beloved housemates - quality time, not time spent watching them decline from commercial cat food. Now, with this step-by-step illustrated guide, you and your cat can break free, too.
