THE NORMAL COURSE IN READING VOLUME 2

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 120 pages. OCLC Number: (OCoLC)70541333 Subject: Taxation -- Law and legislation -- Puerto Rico. Excerpt: . . . in the absence of the proposed rules; and whether possible inefficiencies caused by the proposal will be offset by beneficial welfare effects in the possessions. Revenue transfer proposal Repeal limitation on cover over of rum excise tax to Puerto Rico The cover over proposal repeals the 10. 50 per proof gallon limitation on the amount of excise taxes on rum covered over to Puerto Rico. Under the proposal, the full amount of excise taxes (currently 13. 50 per proof gallon) imposed on rum brought into the United States from Puerto Rico, and the full amount of excise taxes attributable to rum imported into the United States from other countries that is allocated to Puerto Rico, are covered over to the Puerto Rico Treasury. The special U. S. -Puerto Rico arrangement with respect to the cover over of rum excise taxes to some extent reflects the Commonwealth relationship. Therefore, some argue that it is difficult to ascertain the policy justification for limiting the rum cover over. Others argue that the cover over limitation helps to finance the cost of administering the program or that it is an appropriate adjustment of the cover over amount in light of the unusual nature of cover over generally, or simply U. S. revenue concerns. However, the repeated reenactment of the increase in the rum cover over limitation, sometimes on a retroactive basis, undercuts the reliability of payment to Puerto Rico of that portion of the cover over exceeding 10. 50 per proof gallon and makes it more difficult for Puerto Rico to budget these revenues or to access the debt market in anticipation...
