

Notes of a Naturalist in the Nile Valley and Malta A Narrative of Exploration and Research in Connection with the Natural History, Geology, and Archa

By Andrew Leith Adams

TheClassics.us. Paperback. Book Condition: New. This item is printed on demand. Paperback. 90 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1870 edition. Excerpt: . . . MALTA. PART I. INTRODUCTORY. When I first set foot on the Maltese islands, June 22, 1860, an impression came over me that I could not have selected a more uninviting and uninteresting locality for the study of the natural sciences--bare, weather-beaten, rocky, and sterile to a degree, no woods, and scarcely a tree to be seen anywhere--all surface verdure burnt up by a semitropical sun and the dreaded sirocco, were the appearances that greeted my arrival, and, for the time being, damped my ardour in the pursuits of natural objects. Resolved, however, to inquire into the capabilities of the islands from a natural-history point of view, I set to work to obtain all the information relative to what had been already accomplished, and at length bethought myself of first studying the ornithology of the region, more especially the migratory birds which pass and repass...
