Brand New Book ***** Print on Demand *****.Have you always wanted to learn how to speak Brazilian-Portuguese but simply didn't have the time? Well look no further. You hold in your hands the most advanced and revolutionary method that was ever designed for QUICKLY becoming conversational in a language. In creating this time saving program, master linguist Yatir Nitzany spent nearly three years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations. If your desire is to learn complicated grammatical rules, or to speak Shakespearean Portuguese, this book is NOT for you. However, if you need to actually hold a conversation whilst on a trip to Brazil, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating mainly in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules, etc. can all come later. The first in a series of instructional language guides, the Nitzany Method's revolutionary approach is the...
