

Epilepsy (Paperback)

By Carl W Bazil, Derek J Chong, Distinguished Professor of Economics Daniel Friedman

Oxford University Press Inc, United States, 2011. Paperback. Book Condition: New. 206 x 137 mm. Language: English . Brand New Book. Patients with epilepsies pose many clinical challenges. Even experienced clinicians occasionally arrive at the point where diagnostic, work-up, treatment, or prognostic thinking becomes blocked. Epilepsy is the fifth volume in the What Do I Do Now? series and provides the clinician with the necessary tools to evaluate and treat an epilepsy patient. Applying a case-based approach of curbside consultation, the authors present 31 actual cases, providing key points to remember and recommendations for further reading at the end of each case and including EEGs and imaging where applicable. Concise and readable, Epilepsy is the perfect quick-reference guide for anyone working with epilepsy patients.
