Brand New Book ***** Print on Demand *****.Two Oxford University professors wrote a paper called, The Future of Employment: How Susceptible are Jobs to Computerization? In the paper, the professors show that 47 of jobs have a high likelihood of being replaced, automated, or outsourced over the coming years. Business Ideas offers over one hundred of those starting points designed to thrive during the coming technological age. The ideas throughout this book are ready for you to put in the work necessary to make them priceless. I m willing to bet that if you read these ideas and blend them with your own experience and expertise, you ll find a starting point uniquely suited for you. Business Ideas contains over a hundred ideas in different categories and industries, all of which are poised to...
